

Open Session on Arthritis - can we use cells to cure it?

Christmas Public Engagement Event

Come along to this **free** Christmas event to find out more about Arthritis research and how the latest clinical trials are improving lives. Listen to talks from leading researchers and scientists, see 3D cell printing and visit laboratories within Newcastle Medical School.

Friday 14th December 2018

09.30 – 12.00

The History Room, Level 1

Newcastle University Student Union (NUSU)

King's Walk

Newcastle Upon Tyne

NE1 8QB
